WORK EXPERIENCE

Web and Graphic Designer

Aug. 2023 - Present

Unica Publications - Christchurch, New Zealand (Remote)

- Designed high-converting webpages/landing pages and web content images using WordPress for clients, ensuring a visually appealing online presence.
- Created design layouts for a variety of projects, including 1000+ book cover templates, software and product mockups, product designs and visually appealing YouTube thumbnails.
- Designed 50+ engaging and professional marketing webinar presentations using Google Slides. Created slide layouts, animations elements and visual assets.

IT Instructor

Sep. 2022 - Aug. 2023

Asian Development Foundation College - Tacloban, Philippines (On-Site)

- Teaching Adobe Photoshop tools and techniques, such as layers, selections, retouching, color correction and image manipulation.
- Imparting knowledge to the students about the essential features of Figma, including the design tools, user interface and interactive prototyping.
- Demonstrating practical examples of PHP programming in web development.

Graphic Designer

Nov. 2018 - Sep. 2022

Oliver's ArtZyd - Tacloban, Philippines (On-Site)

- Generated creative ideas and concepts using Adobe Photoshop for T-Shirts, mugs, invitations, brochures and other printable materials.
- Managed multiple design and layout projects, completing the tasks before the deadline, and finishing designs in a timely manner.
- Effectively communicating with clients in order to gather their design requirements and their preferred layout.
